26	Buses and vans leave	All attendees											X

1. This event is for school districts or home school students working in groups. Schools will take responsibility for managing small woodlots on the UIEF. They will work with an industry UI Extension Forestry forester to decide how the stand should be managed.

2. These activities are 1 hr together and will require a longer walk or UI van ride from Station #14. Groups should be 30-40

* These events have competition and skills evaluation.
